Enrico Denti's Projects

I have been involved in a number of national and international projects, as both a participant and a coordinator.

Ongoing Projects

- BISON: BIg Speech data analytics for cONtact centres (2015-2017)

International Projects

- SAPERE: Self-aware Pervasive Service Ecosystems (2010-2013)

National Projects

- TRUST 03: Trust and law in the Information Society. Fostering and protecting trust in the market, in the institutions and in the technological infrastructure (2003-2005)
- SIPEAA: Strumenti Integrati per la Pianificazione Eco-compatibile in Aziende Agricole (2002-2004)

Other Projects
